

Product Description

The 3860AA or 3860VA scope cabinets are constructed of a melamine shell with a locking roll top door. This cabinet features ambient air vents, a removable drip tray and a padded rear wall under the cord retainers to protect scope optics. Designed to store 5 small diameter scopes such as bronchoscopes, nasopharyngoscopes, laparoscopes, and laryngoscopes with a maximum hanging length of approximately 42" (106.7 cm). The 3860VA includes top-mounted fan unit. Partial sloped top meets healthcare requirements. Cabinets with no toe kick are available upon request.
