

## QuickStore

## 3-Bay Carts

QuickStore provides the advantages of an open, accessible storage system with a flexible, modular system. The 3-Bay Cart accommodates the same 24" D (61 cm) interchangeable accessories that fit most InnerSpace carts and cabinets. Select the preconfigured 3-Bay Cart (IQ-2472-3CAP2) shown here, or start with an empty frame and add adjustable cell rail and/or glide rail sets as needed. A cart cover is available.

# Product Specifications

PB0077

## Materials

Frame	Textured powder-coated 16 gauge square steel tubing. Accepts a maximum of 48 cell rail and/or glide rail sets (16 per bay).
Cart Base	11 gauge u-channels for stability and strength, featuring steel bumpers underneath ABS resin cover at all four corners.
Casters	5" (12.7 cm) all swivel casters, two locking.
IQ-CR24	Injection molded polycarbonate/ABS alloy. Maximum weight capacity for trays and baskets is 20 lbs (9.1 kg). For static accessories like metal shelves, maximum weight capacity is 40 lbs (18.2 kg).
IQ-GR24	Injection molded polycarbonate/ABS alloy. Accept trays and baskets only. Use standard drawer glides for smooth function and can support up to 35 lbs (15.9 kg).
